

# Agar Family Record

1786 to 1930

# INTRODUCTION ·

In the year 1919, while Mrs. George Hemphill (Nell Agar) and Wm. R. Agar were looking over a family record, thought an Agar family record would be of interest. The suggestion materialized in the year 1926, after the first Agar picnic, which was really a George Agar family re-union, held at the home of Mr. and Mrs. George Hemphill.

At this time officers were appointed for a larger re-union of the members of the Agar family, and John Agar, Islington, and Wm. R. Agar, Brooklin, were appointed President and Secretary. Three picnics have been held, at the homes of George Hemphill, Kleinburg; John Agar, Islington, and Adam Agar, Nashville, the latter place being the old Agar homestead.

The Secretary undertook the task of compiling a family record, and humbly presents to the Agar family the following results of his three years' efforts. He realizes it is incomplete, and would be pleased to receive any corrections and further information that would lead to a completion of the record at a later date. He regrets having been unable as yet to find the family connection of some of the Agars whom we have been glad to receive at our picnics, but have been unable to enter their names in the family record.

GLADYS M. AGAR.
